INSTRUCTIONS TO OFFERORS**INSTRUCTIONS TO OFFERORS:**

You are being asked to provide a price quotation for the commercial item described on the attached solicitation (DACW61-03-R-0039). Please ensure the following information is complete; this information will be required before an award is issued:

- (1) SF 1449; complete information about your company in block 17a. Do not forget to include your Cage Code in the area of block 17a labeled "Code". If you do not have a Cage Code, you must register in the CCR (Central Contractor Registration). You must be CCR registered to be eligible for award. For more information on CCR registration, go to the following website: <http://www.ccr.gov>. (See DFARS Clause 52.204-7004 "Required Central Contractor Registration" in the solicitation document.) Complete the Total Award Amount information in block 26. An authorized signer must sign in block 30a; complete the information on 30b and c.
- (2) Provide a unit price and total amount for each item number indicated. Provide a delivery date. The delivery date required from Government is 90 days from Date of Award.
- (3) Please provide all appropriate information in FAR Section 52.212-3, which follows. At a minimum, you must provide your Tax Identification Number in section (b)(3), indicate whether or not your company is a small business in section (c)(1) and provide the requested certifications in section (h) concerning suspension, debarment or ineligibility for award. In addition, if any item you propose to furnish is not manufactured in the USA, you must indicate the country of origin in section (f)(2),
- (4) See FAR Section 52.212-1 for further information/instruction.
- (5) Return your completed quotation to Maureen Jordan by mail to: U.S. Army Corps of Engineers – CENAP-CT-S (MAUREEN JORDAN), Wanamaker Building, 100 Penn Square East, Philadelphia, PA 19107-3390. Quotations can also be faxed to Maureen at 215-656-6780/6798.
- (6) VETS 100 REPORT – You must be in compliance with the VETS 100 reporting requirement to receive a Federal contract of \$25,000.00 or more. The Department of Labor has made available several reporting options as follows:

1. Direct entry of information on VETS 100 website at:

<http://vets100.cudenver.edu>

- a- Submission of an electronic file on a diskette; and
- b- Submission of the VETS 100 Report in hard copy form

SPECIFICATIONS

Shuman Repowering, GFE Engines, Gears & Associated Propulsion Equipment

Intent:

Survey catamaran SHUMAN is currently powered by twin 570 HP, 12V-71TI Detroit Diesels. Top speed is approximately 18-19 knots. Propulsion system is conventional shafts/propellers/rudders.

Survey operations are characterized by long periods of operation at slow boat speeds while using acoustic gear. This translates into long periods of operation at low engine power & RPM levels.

The intent of this overall project is to repower the Shuman with a new propulsion system that is: more powerful, more fuel efficient, better suited for long periods of operation at low power & RPM levels, and environmentally cleaner.

The conventional propulsion system will be retained, but all of the existing components will be replaced with new.

The intent of this specific contract and scope is to procure the following goods and services:

- Prime Mover Components (engines, gears, controls, gages/alarms)
- Shipping to Philadelphia
- Warranty
- Installation Support
- Start Up Support
- Technical & CAD installation Data
- Torsional Analysis
- Operating Manuals

These various items will be provided as GFE and otherwise utilized for design and installation into the Shuman in a separate contract.

Engine & Gear Power/Service Rating:

Power level for the new engines, each, is required to be between 700 BHP and 800 BHP. This will increase boat speed to between 21 and 23 knots.

Engine and gear power rating shall be applicable for the following operational profile:

- Max hours operation per year – 2,500
- Max % time at full power 10%
- Max % time at cruise power (80% max power) 30%
- Max % time at survey power (20% max power) 50%
- Max % time at idle power (10% max power) 10%
- Max duration at full power - 4 hours in any 24 hours.

Engine & Gear Warranty & Support

Warranty

Both engine and gear shall be provided with a commercial 1-year warranty, and also with an “extended warranty” for three years beyond the initial 1-year warranty. Both warranties shall include parts and labor.

Warranty time periods shall not commence until the re-powered Shuman is placed back into service, or 6 months after delivery of the engines, whichever comes first.

Warranty Support

The Shuman is based in Philadelphia, PA, at Ft. Mifflin. The contractor is required to identify a factory authorized service provider within the Philadelphia Metropolitan area. The designated service provider will be responsible for all warranty work, and also for installation support.

Engines

The contractor shall provide a matched set of two engines. Engines shall have the following features:

Specifically Configured for Marine Service

Domestic Manufacture.

Rated Power between 700 and 800 BHP.

EPA Tier 2 (Jan. 2004) Emissions Certified.

6 Cylinder In Line Configuration.

Sea Water Cooling using heat exchanger.

Wet Exhaust.

Full Authority Electronic Control & Fuel Injection System.

Electronic Interface for Controls.

Battery Start with Charging Alternator.

Overspeed trip/shutdown.

Inboard located oil dip sticks.

Engine Height

The engine height at engine front end, measured from the mounting feet to the top of the engine, may not exceed 54 inches. "Top of the engine" is defined as highest point along the engine. This may not be at the front end.

Reduction Gear

The contractor shall provide a matched pair of reduction gears, mounted onto the two engines.

Reduction gear shall be rated for the same operating profile as identified previously in this specification, together with the engine rated power.

Reduction gear ratio will not be known until award of contract, since engine power & RPM will be undefined until that time.

Gear ratio will be selected by the government from manufacturers' standard ratios. The ratio selected will be within the range of 2.0:1 and 3.5:1, inclusive of these ratios.

The Contractor shall identify the available gear ratios within this range in his proposal. Available ratios must include all standard ratios within the nominal 2.0 & 3.5 range given above, including the 2.5 and 3.5 ratios.

The government will provide the selected gear ratio to the contractor within two weeks of award of contract.

Reduction Gears shall have the following features:

Mounting Configuration – housing and adaptor as required for direct bolting onto the engine.

Torsional Coupling – as required by the torsional analysis.

Cooling – integral with engine cooling

Rotation – full power rating either direction, for opposed propeller rotation.

Gearshift actuation – electronic

Shaft Coupling – flange bolted type, with pilot bored companion flange provided.

Engine Exhaust Interface

Wet exhaust shall be utilized for the repowering. However, it will not be known until after contract award if the standard wet exhaust elbow provided with the engine will be of suitable dimensional configuration to match up to the required vessel exhaust pipe routing.

The contractor shall provide the standard wet exhaust elbow with the engine.

The contractor shall also provide pricing for the engines without the standard wet exhaust risers.

The government will determine within 4 weeks of receipt of the required CAD drawings if the standard risers can be utilized.

If the riser cannot be utilized the government will modify the contract to delete the risers, using the pricing without riser provided.

In this case a custom exhaust riser/water injector will be provided as part of the subsequent repowering contract.

Engine & Gear Mounting

The contractor shall provide a complete set of engine and gear mounts as required for the installation and full function of the two engines and gears, including shaft thrust.

Mounts for engine and gears shall be provided suitable for mounting to engine foundation girders without need for any additional fabricated brackets.

Mounts shall be vibration isolating and adjustable for alignment.

Contractor shall install all mounts on the engines and gears prior to shipment to the Government.

Controls

The contractor shall provide a complete control system as required for the full function of the engines and gears.

Engine and gear controls shall be electronic with wire connection between the helm stations and the engines and gears. No mechanical or pneumatic components shall be utilized in the control system.

One single station dual control head shall be provided together with sufficient wiring harness to connect to engines & gears with wire routing length of approximately 75 feet.

The controls shall have the following features:

Control Head to be constructed of marine grade non-corrosive materials.

Single lever control of each engine/gear set.

Shift delays to prevent engine stalling and/or damage to gears. Delay time to be proportional and adjustable

Engine synchronization mode whereby both engines are synchronized and controlled by a single lever.

In addition, engine start/stop capability shall be provided both at the operators station and also local to each engine in the engine rooms.

Gages & Alarms

The contractor shall provide a set of engine and gear gages and alarms as required for the full function and monitoring of the engines and gears.

The engine manufacturer's standard digital gage and alarm panels shall be provided at the operator's pilot's station, and locally mounted in each engine room. For each engine, the contractor shall provide one gage panel for the operator's station and a second gage panel for the engine room.

Engine room gage panels may be either direct mounted on the engine, or provided "loose" for remote mount adjacent to the engine. If loose panels are provided, sufficient wiring for a 15 foot wire run shall be provided with each panel. If engine mount panels are provided, mounting shall be mirror image so that each panel faces inboard.

The operator's station panels shall be provided with wiring harness sufficient in length for the 75 foot wiring run length.

At a minimum, the following parameters shall be monitored with panel readouts at both operators and local panels:

Engine LO Pressure
Engine FO pressure
Reduction Gear LO Pressure
Engine Coolant Temp.
Alternator Voltage

Alternator Current
 Engine RPM
 Shaft RPM
 Fuel Rate

Alarm shall be provided for engine and gear low LO pressure, and engine coolant high temp.

Delivery:

All components required by this contract shall be delivered to the USACE Facility at Ft. Mifflin, PA. All components shall be securely crated and well labeled.

After delivery, the components will be stored by the government in a climate-controlled warehouse until installation on the Shuman.

All components shall be packaged and preserved for storage of up to 6 months in a climate-controlled warehouse.

Installation Data

Installation data will be required to design the actual installation of the new propulsion system into the Shuman.

The contractor shall provide two full sets of engine, gear & control installation data. At a minimum, this shall include:

All installation manuals,

Certificated CAD installation drawings (three dimensions) for the engine with gear, including at a minimum:

Mounting bolting pattern,
 Mounting bolt design loads,
 Engine/gear weight and CG.
 Fuel, water, & exhaust connection points & sizes.
 Companion flange details & dimensions.
 Exhaust riser details & dimensions

Torsional Analysis

The contractor is required to conduct a torsional analysis to validate the overall torsional characteristics of the propulsion system, and to ensure that torsional vibrations are within acceptable limits. No barred ranges are permitted anywhere within the full engine operating RPM range from idle to max RPM.

Propeller and shaft specifics will vary depending on engine, gear & propeller specifics. The government will select the propeller & size the shaft after award of contract.

Accordingly, information on propeller and shaft, for the torsional analysis, will be provided to the successful bidder within two weeks after receipt of the required CAD drawings.

Shaft: length, diameter, bearing location, and material will be provided.

Propeller: diameter, pitch, blade number, blade area ratio, and WR2 data will be provided.

The contractor is required to conduct the torsional analysis using the propeller & shaft information provided by the government. The contractor is required to obtain all other information required for the torsional analysis.

The contractor shall provide the results of the torsional analysis within 4 weeks of the receipt of the propeller & shafting information from the government.

Operating Manuals

The contractor shall provide two complete sets of operating manuals for all components provided in this contract. Each set will be comprised of loose-leaf bound “paper manual” and CD ROM of the same manual.

Installation Support

Subsequent to the delivery of the components required by this contract, they will be installed into the Shuman. Time frame for installation will be any time up to six months after delivery of the components under this contract.

Location of the actual installation will be within a radius of 100 miles from Center City Philadelphia.

The contractor is required to provide a total of 8 days of on site installation support, together with an additional 2 days of sea trials support within this area.

After the Shuman returns to Ft. Mifflin, the contractor is required to provide an additional 2 days of final start up and system check out, at the Ft. Mifflin location.

CLAUSES INCORPORATED BY FULL TEXT:

52.211-8 TIME OF DELIVERY (JUN 1997)

(a) The Government requires delivery to be made according to the following schedule:

REQUIRED DELIVERY SCHEDULE

ITEM NO.	QUANTITY	WITHIN DAYS AFTER DATE OF CONTRACT
Line Item 0001	2	90 days from date of Award

The Government will evaluate equally, as regards time of delivery, offers that propose delivery of each quantity within the applicable delivery period specified above. Offers that propose delivery that will not clearly fall within the applicable required delivery period specified above, will be considered nonresponsive and rejected. The Government reserves the right to award under either the required delivery schedule or the proposed delivery schedule, when an offeror offers an earlier delivery schedule than required above. If the offeror proposes no other delivery schedule, the required delivery schedule above will apply.

OFFEROR'S PROPOSED DELIVERY SCHEDULE

ITEM NO.	QUANTITY	WITHIN DAYS AFTER DATE OF CONTRACT
----------	----------	------------------------------------

(b) Attention is directed to the Contract Award provision of the solicitation that provides that a written award or acceptance of offer mailed, or otherwise furnished to the successful offeror, results in a binding contract. The Government will mail or otherwise furnish to the offeror an award or notice of award not later than the day award is dated. Therefore, the offeror should compute the time available for performance beginning with the actual date of award, rather than the date the written notice of award is received from the Contracting Officer through the ordinary mails. However, the Government will evaluate an offer that proposes delivery based on the Contractor's date of receipt of the contract or notice of award by adding (1) five calendar days for delivery of the award through the ordinary mails, or (2) one working day if the solicitation states that the contract or notice of award will be transmitted electronically. (The term "working day" excludes weekends and U.S. Federal holidays.) If, as so computed, the offered delivery date is later than the required delivery date, the offer will be considered nonresponsive and rejected.

(End of Clause)

52.212-2 EVALUATION--COMMERCIAL ITEMS (JAN 1999)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

Technical capability of the item offered to meet the Government requirement and price.
 Technical capability of the item offered and price, when combined, are equally important.

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of clause)

52.212-3 OFFEROR REPRESENTATIONS AND CERTIFICATIONS--COMMERCIAL ITEMS (MAY 2002)

(a) Definitions. As used in this provision:

"Emerging small business" means a small business concern whose size is no greater than 50 percent of the numerical size standard for the NAICS code designated.

"Forced or indentured child labor" means all work or service-

(1) Exacted from any person under the age of 18 under the menace of any penalty for its nonperformance and for which the worker does not offer himself voluntarily; or

(2) Performed by any person under the age of 18 pursuant to a contract the enforcement of which can be accomplished by process of penalties.

Service-disabled veteran-owned small business concern--

(1) Means a small business concern--

(i) Not less than 51 percent of which is owned by one or more service-disabled veterans or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more service-disabled veterans; and

(ii) The management and daily business operations of which are controlled by one or more service-disabled veterans or, in the case of a veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran.

(2) Service-disabled veteran means a veteran, as defined in 38 U.S.C. 101(2), with a disability that is service-connected, as defined in 38 U.S.C. 101(16).

"Small business concern" means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the criteria in 13 CFR Part 121 and size standards in this solicitation.

Veteran-owned small business concern means a small business concern--

(1) Not less than 51 percent of which is owned by one or more veterans (as defined at 38 U.S.C. 101(2)) or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more veterans; and

(2) The management and daily business operations of which are controlled by one or more veterans.

"Women-owned small business concern" means a small business concern--

(1) That is at least 51 percent owned by one or more women or, in the case of any publicly owned business, at least 51 percent of its stock of which is owned by one or more women; and

(2) Whose management and daily business operations are controlled by one or more women.

"Women-owned business concern" means a concern which is at least 51 percent owned by one or more women; or in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women; and whose management and daily business operations are controlled by one or more women.

(b) Taxpayer Identification Number (TIN) (26 U.S.C. 6109, 31 U.S.C. 7701). (Not applicable if the offeror is required to provide this information to a central contractor registration database to be eligible for award.)

(1) All offerors must submit the information required in paragraphs (b)(3) through (b)(5) of this provision to comply with debt collection requirements of 31 U.S.C. 7701(c) and 3325(d), reporting requirements of 26 U.S.C. 6041, 6041A, and 6050M, and implementing regulations issued by the Internal Revenue Service (IRS).

(2) The TIN may be used by the Government to collect and report on any delinquent amounts arising out of the offeror's relationship with the Government (31 U.S.C. 7701(c)(3)). If the resulting contract is subject to the payment reporting requirements described in FAR 4.904, the TIN provided hereunder may be matched with IRS records to verify the accuracy of the offeror's TIN.

(3) Taxpayer Identification Number (TIN).

(c) Offerors must complete the following representations when the resulting contract is to be performed inside the United States, its territories or possessions, Puerto Rico, the Trust Territory of the Pacific Islands, or the District of Columbia. Check all that apply.

(1) Small business concern. The offeror represents as part of its offer that it () is, () is not a small business concern.

(2) Veteran-owned small business concern. (Complete only if the offeror represented itself as a small business concern in paragraph (c)(1) of this provision.) The offeror represents as part of its offer that it () is, () is not a veteran-owned small business concern.

(3) Service-disabled veteran-owned small business concern. (Complete only if the offeror represented itself as a veteran-owned small business concern in paragraph (c)(2) of this provision.) The offeror represents as part of its offer that it () is, () is not a service-disabled veteran-owned small business concern.

(4) Small disadvantaged business concern. (Complete only if the offeror represented itself as a small business concern in paragraph (c)(1) of this provision.) The offeror represents, for general statistical purposes, that it () is, () is not a small disadvantaged business concern as defined in 13 CFR 124.1002.

(5) Women-owned small business concern. (Complete only if the offeror represented itself as a small business concern in paragraph (c)(1) of this provision.) The offeror represents that it () is, () is not a women-owned small business concern.

Note: Complete paragraphs (c)(6) and (c)(7) only if this solicitation is expected to exceed the simplified acquisition threshold.

(6) Women-owned business concern (other than small business concern). (Complete only if the offeror is a women-owned business concern and did not represent itself as a small business concern in paragraph (c)(1) of this provision.) The offeror represents that it () is, a women-owned business concern.

(7) Tie bid priority for labor surplus area concerns. If this is an invitation for bid, small business offerors may identify the labor surplus areas in which costs to be incurred on account of manufacturing or production (by offeror or first-tier subcontractors) amount to more than 50 percent of the contract price:

(8) Small Business Size for the Small Business Competitiveness Demonstration Program and for the Targeted Industry Categories under the Small Business Competitiveness Demonstration Program. (Complete only if the offeror has represented itself to be a small business concern under the size standards for this solicitation.)

(i) (Complete only for solicitations indicated in an addendum as being set-aside for emerging small businesses in one of the four designated industry groups (DIGs).) The offeror represents as part of its offer that it () is, () is not an emerging small business.

(ii) (Complete only for solicitations indicated in an addendum as being for one of the targeted industry categories (TICs) or four designated industry groups (DIGs).) Offeror represents as follows:

(A) Offeror's number of employees for the past 12 months (check the Employees column if size standard stated in the solicitation is expressed in terms of number of employees); or

(B) Offeror's average annual gross revenue for the last 3 fiscal years (check the Average Annual Gross Number of Revenues column if size standard stated in the solicitation is expressed in terms of annual receipts).

(Check one of the following):

Average Annual

Number of Employees Gross Revenues

50 or fewer \$1 million or less

51 - 100 \$1,000,001 - \$2 million

101 - 250 \$2,000,001 - \$3.5 million

251 - 500 \$3,500,001 - \$5 million

501 - 750 \$5,000,001 - \$10 million

751 - 1,000 \$10,000,001 - \$17 million

Over 1,000 Over \$17 million

(9) (Complete only if the solicitation contains the clause at FAR 52.219-23, Notice of Price Evaluation Adjustment for Small Disadvantaged Business Concerns or FAR 52.219-25, Small Disadvantaged Business Participation Program-Disadvantaged Status and Reporting, and the offeror desires a benefit based on its disadvantaged status.)

(i) General. The offeror represents that either--

(A) It () is, () is not certified by the Small Business Administration as a small disadvantaged business concern and identified, on the date of this representation, as a certified small disadvantaged business concern in the database maintained by the Small Business Administration (PRO-Net), and that no material change in disadvantaged ownership and control has occurred since its certification, and, where the concern is owned by one or more individuals claiming disadvantaged status, the net worth of each individual upon whom the certification is based does not exceed \$750,000 after taking into account the applicable exclusions set forth at 13 CFR 124.104(c)(2); or

(B) It () has, () has not submitted a completed application to the Small Business Administration or a Private Certifier to be certified as a small disadvantaged business concern in accordance with 13 CFR 124, Subpart B, and a

decision on that application is pending, and that no material change in disadvantaged ownership and control has occurred since its application was submitted.

(ii) Joint Ventures under the Price Evaluation Adjustment for Small Disadvantaged Business Concerns. The offeror represents, as part of its offer, that it is a joint venture that complies with the requirements in 13 CFR 124.1002(f) and that the representation in paragraph (c)(9)(i) of this provision is accurate for the small disadvantaged business concern that is participating in the joint venture. (The offeror shall enter the name of the small disadvantaged business concern that is participating in the joint venture: _____.)

(10) HUBZone small business concern. (Complete only if the offeror represented itself as a small business concern in paragraph (c)(1) of this provision.) The offeror represents, as part of its offer, that--

(List as necessary)

(iii) The Government will evaluate offers in accordance with the policies and procedures of FAR Part 25. For line items subject to the Trade Agreements Act, the Government will evaluate offers of U.S.-made, designated country, Caribbean Basin country, or NAFTA country end products without regard to the restrictions of the Buy American Act. The Government will consider for award only offers of U.S.-made, designated country, Caribbean Basin

country, or NAFTA country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) Certification Regarding Debarment, Suspension or Ineligibility for Award (Executive Order 12549). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals--

(1) Are, are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency; and

(2) Have, have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: Commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, or receiving stolen property; and

(3) Are, are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses.

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

(1) Listed end products.

(d) Comptroller General Examination of Record. The Contractor shall comply with the provisions of this paragraph (d) if this contract was awarded using other than sealed bid, is in excess of the simplified acquisition threshold, and does not contain the clause at 52.215-2, Audit and Records--Negotiation.

(1) The Comptroller General of the United States, or an authorized representative of the Comptroller General, shall have access to and right to examine any of the Contractor's directly pertinent records involving transactions related to this contract.

(2) The Contractor shall make available at its offices at all reasonable times the records, materials, and other evidence for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in FAR Subpart 4.7, Contractor Records Retention, of the other clauses of this contract. If this contract is completely or partially terminated, the records relating to the work terminated shall be made available for 3 years after any resulting final termination settlement. Records relating to appeals under the disputes clause or to litigation or the settlement of claims arising under or relating to this contract shall be made available until such appeals, litigation, or claims are finally resolved.

(3) As used in this clause, records include books, documents, accounting procedures and practices, and other data, regardless of type and regardless of form. This does not require the Contractor to create or maintain any record that the Contractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(e) Notwithstanding the requirements of the clauses in paragraphs (a), (b), (c) or (d) of this clause, the Contractor is not required to include any FAR clause, other than those listed below (and as may be required by an addenda to this paragraph to establish the reasonableness of prices under Part 15), in a subcontract for commercial items or commercial components--

(1) 52.222-26, Equal Opportunity (E.O. 11246);

(2) 52.222-35, Equal Opportunity for Special Disabled Veterans, Veterans of the Vietnam Era and Other Eligible Veterans (38 U.S.C. 4212);

(3) 52.222-36, Affirmative Action for Workers with Disabilities (29 U.S.C. 793);

(4) 52.247-64, Preference for Privately-Owned U.S.- Flag Commercial Vessels (46 U.S.C. 1241)(flow down not required for subcontracts awarded beginning May 1, 1996)., and

(5) 52.222-41, Service Contract Act of 1965, As Amended (41 U.S.C. 351, et seq.).

(End of clause)

52.247-34 F.O.B. DESTINATION (NOV 1991)

(a) The term "f.o.b. destination," as used in this clause, means--

(1) Free of expense to the Government, on board the carrier's conveyance, at a specified delivery point where the consignee's facility (plant, warehouse, store, lot, or other location to which shipment can be made) is located; and

(2) Supplies shall be delivered to the destination consignee's wharf (if destination is a port city and supplies are for export), warehouse unloading platform, or receiving dock, at the expense of the Contractor. The Government shall not be liable for any delivery, storage, demurrage, accessorial, or other charges involved before the actual delivery (or "constructive placement" as defined in carrier tariffs) of the supplies to the destination, unless such charges are caused by an act or order of the Government acting in its contractual capacity. If rail carrier is used, supplies shall be delivered to the specified unloading platform of the consignee. If motor carrier (including "piggyback") is used, supplies shall be delivered to truck tailgate at the unloading platform of the consignee, except when the supplies delivered meet the requirements of Item 568 of the National Motor Freight Classification for "heavy or bulky freight." When supplies meeting the requirements of the referenced Item 568 are delivered, unloading (including movement to the tailgate) shall be performed by the consignee, with assistance from the truck driver, if requested. If the contractor uses rail carrier or freight forwarded for less than carload shipments, the contractor shall ensure that the carrier will furnish tailgate delivery, when required, if transfer to truck is required to complete delivery to consignee.

(b) The Contractor shall--

(1)(i) Pack and mark the shipment to comply with contract specifications; or

(ii) In the absence of specifications, prepare the shipment in conformance with carrier requirements;

(2) Prepare and distribute commercial bills of lading;

(3) Deliver the shipment in good order and condition to the point of delivery specified in the contract;

(4) Be responsible for any loss of and/or damage to the goods occurring before receipt of the shipment by the consignee at the delivery point specified in the contract;

(5) Furnish a delivery schedule and designate the mode of delivering carrier; and

(6) Pay and bear all charges to the specified point of delivery.

(End of clause)

252.204-7004 REQUIRED CENTRAL CONTRACTOR REGISTRATION (NOV 2001)

(a) Definitions.

As used in this clause--

(1) Central Contractor Registration (CCR) database means the primary DoD repository for contractor information required for the conduct of business with DoD.

(2) Data Universal Numbering System (DUNS) number means the 9-digit number assigned by Dun and Bradstreet Information Services to identify unique business entities.

(3) Data Universal Numbering System +4 (DUNS+4) number means the DUNS number assigned by Dun and Bradstreet plus a 4-digit suffix that may be assigned by a parent (controlling) business concern. This 4-digit suffix may be assigned at the discretion of the parent business concern for such purposes as identifying subunits or affiliates of the parent business concern.

(4) Registered in the CCR database means that all mandatory information, including the DUNS number or the DUNS+4 number, if applicable, and the corresponding Commercial and Government Entity (CAGE) code, is in the CCR database; the DUNS number and the CAGE code have been validated; and all edits have been successfully completed.

(b)(1) By submission of an offer, the offeror acknowledges the requirement that a prospective awardee must be registered in the CCR database prior to award, during performance, and through final payment of any contract resulting from this solicitation, except for awards to foreign vendors for work to be performed outside the United States.

(2) The offeror shall provide its DUNS or, if applicable, its DUNS+4 number with its offer, which will be used by the Contracting Officer to verify that the offeror is registered in the CCR database.

(3) Lack of registration in the CCR database will make an offeror ineligible for award.

(4) DoD has established a goal of registering an applicant in the CCR database within 48 hours after receipt of a complete and accurate application via the Internet. However, registration of an applicant submitting an application through a method other than the Internet may take up to 30 days. Therefore, offerors that are not registered should consider applying for registration immediately upon receipt of this solicitation.

(c) The Contractor is responsible for the accuracy and completeness of the data within the CCR, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the CCR database after the initial registration, the Contractor is required to confirm on an annual basis that its information in the CCR database is accurate and complete.

(d) Offerors and contractors may obtain information on registration and annual confirmation requirements by calling 1-888-227-2423, or via the Internet at <http://www.ccr.gov>.

(End of clause)
